

Collaboration - is this the key  
to delivering successful green  
infrastructure?

# NATURAL ADVISERS

---

The leading natural-infrastructure consultancy, providing analysis and advice to successfully plan, develop and manage land and property.

---

# The Big 3 Questions?

---

- I. What does good look like in terms of green infrastructure?
- II. Why do we consider it so unimportant at a local and national level not to enforce planning conditions?
- III. What's your current plan & adaptation?

Ministry of Housing,  
Communities &

## A Green Future: Our 25 Year Plan to Improve the Environment

# Alconbury Weald, Huntingdonshire

# Dovehouse, Wellesbourne

**Veteran trees**

**Does this create a space where children want to play.**

**Is this really how the architect,  
landscape architect, developer  
and Council really envisaged this  
looking?**

**Hastings House – Recovery is boosted access to green space**

**Just to prove we can get it right.  
Ettington Park**

**Is this a sustainable landscape providing benefits?**

***Strategically planned network of natural and semi-natural areas with other environmental features designed and managed to deliver a wide range of ecosystem services.***

**Alconbury Weald,  
Huntingdonshire**

# Green Infrastructure Resilience

---

If implemented correctly,  
logically and from the outset we  
can create:

**Environmental  
Green & Blue**

**Economic**

**Social**

**Place  
&  
Space**
