

Snipe Walk 4

The Little Legs Treasure Hunt

$\frac{3}{4}$ mile (1.2km)

A very easy, level half-hour walk for youngsters, partly on the road and partly along field paths, passing a playground. As you walk see if you can match the randomly numbered photographs below to things you will see along the route. The circles show where there is something to spot. Write the numbers onto the map in the right position. Answers are on a separate link.

Start at telephone box near the crossroads of The Green, Smith's Lane, Bearley Road and School Road. Very close to here is the first thing to spot. Walk up Smith's Lane, crossing Frogmore Road and then carefully cross Smith's Lane. Look outside a cottage called Taxus, there is something to spot here.

Turn around and walk back to the crossroads where there is something else to spot. Cross the road and turn down The Green. Keep your eyes peeled: there are several

things to spot as you walk up this bit of the road. You will soon come to a little lane on the right called The Knob (next to Sharrow House). Turn right down it and you will reach a metal gate. Go through it into a field with the playground on your left. There is a photo to match with something nearby. There is nothing to match while you walk through the fields so see how many things you can tick off the list at the bottom of the page.

Continue straight on until you come to a kissing gate at the end of the field. Go through it and head diagonally left to another nearby gate in the hedgeline (waymarked). Go through this and down the side of a field with the hedge on your left. Go through another kissing gate to reach the end of the path – go through a gate onto The Green and turn left. Look carefully as you walk down the road: there are several things to spot before you reach the crossroads. Then turn right to reach the telephone box and the end of the walk.

There is a scary surprise down this well!

Butterflies
Sheep
Houses
Wild flowers
Bees
Birds
Dragons
